

SAO Sponsorship Information

The Strings Attached Orchestra

We fill our lives with music and we share it with others

The Strings Attached Orchestra is a member driven, community string orchestra of 35 (and growing) amateur musicians devoted to bringing live music to communities across the greater Toronto area. Each year we play 4-8 community concerts in hospitals, retirement homes, libraries, daycares and other community venues.

Our Community Concert Series brings live music to the elderly, veterans, children and others without the ability or opportunity to attend live orchestra performances. Your sponsorship helps us cover the costs of these concerts.

We are a Registered Canadian Charity and rely on donations and sponsorships in order to sustain our orchestra. All personal donations receive a charitable income tax receipt.

SAO Sponsorship Opportunities

Help us bring music into the community!

Why Sponsorship Matters

The Strings Attached Orchestra (SAO) is a charitable organization that brings amateur musicians together and helps them grow musically and perform charitable outreach concerts in the community. As part of our fundraising efforts, twice a year we perform for our Family & Friends. All proceeds from these two concerts, including both sponsorships and advertising dollars, go directly towards the costs of playing our outreach concerts in retirement homes, community centres and for children's programs in schools and libraries.

You can help us continue our charitable work by sponsoring the orchestra. All personal donations will receive a charitable income tax receipt.

Contact us at donations@stringsattachedorchestra.com for more information.

How Your Sponsorship Helps

There is great demand in Toronto for live musical performances for audiences of the elderly and children. When we perform these outreach concerts, we see the appreciation on the faces of our audiences and watch them move to the music as we play. Our audience members in retirement homes tell us how the music brings back fond memories and the children show curiosity about our instruments and are inspired to explore making music themselves.
